

MEDICAL REVITALIZATION, INC

Top Con CT80

Features:

- Innovative dual sensor system for accurate measurements
- Triple patient safety function
- New alignment and improved air cylinder reduces the interval time between measurements by 30%
- Built-in printer
- Fast, easy and accurate intracular pressure readings
- internal Fixation target
- Auto measurements

Specifications:

- Measuring Range: 0-60mmHg
- Working Distance: 11mm
- Measurement Display: Monitor Screen
- Measurement Recording: Built-in Printer
- Monitor Screen Size: 5"
- Power Supply: AC 100, 220, 230, and 240V; 50Hz/60Hz
- Power Consumption: 80VA
- Operating Temperature: 10-40°C
- Dimensions: 10.70"W x 19.89"D x 16.93"- 18"H
- Weight: 39.68lbs
