## Top Con KR 7000

### Features:

Combined automatic refractor and keratometer functions in one compact instrument. The omnidirectional joy-stick and simplified alignment targets ensure ease of operation. Intra-Red light and auto fogging fixation target eliminate discomfort and promote patient compliance. Extensive keratometric reading plus all of the refraction features found in the RMA-7000 series auto refractor make the KR-7000 one of the most sophisticated diagnostic instruments available.
